Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Henry Sheldon Museum Historic Window Restoration and HVAC Energy Upgrades in fiscal year 2022.

The entity to receive funding for this project is The Henry Sheldon Museum located at One Park Street, Middlebury, Vermont, 05753.

The funding would be used for historic preservation and energy upgrades to iconic and historic 1829 Judd-Harris House of the Henry Sheldon Museum, chartered by the Vermont legislature in 1882. The Museum serves as a leading local art, history, and cultural center. The project components are (1) restoration of its period 28 window sashes and 1 fan light located throughout the exterior of the three-floor building and (2) replacement of two failing oil furnaces with a new energy efficient natural gas boiler with air handlers.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Peter Welch
Member of Congress
